## BIO (LONG)

A powerful female vocal, described by California's Rawckus Magazine as a blend of icons such as Avril Lavigne, Alanis Morissette and Lady Gaga. The project began during the pandemic, when original songs written by singer Janet caught the attention of music outlets and gradually grew into a four-piece band. Balancing melody with gritty guitars, the band builds its sound on contrast and atmosphere and their style is often labeled as grunge pop. Janet A has released two EPs (*Janet A* in 2019 and *Freak* in 2021) and recently unveiled their debut album *From The Left To The Right End* (2025). Key milestones include a performance at the Rock For People festival and work at Berlin's Riverside Studios after winning a European competition organized by Musichub.

## PRESS

*"Janet A's voice is rich and powerful, reminiscent of Alanis Morissette, Lady Gaga, and Avril Lavigne — yet completely distinctive and unmistakably her own."*

— Rawckus Magazine (US)

*"Brno hasn't had a band for a long time that could combine melody, raw rock energy, and such a distinctive voice. Janet A are deeply rooted in grunge and infused with melodic rock. If you don't know them yet, now is the time to fix that."*

— Headliner (CZ)
